

Movin' In

LiTHE BLÅys

She looks so pretty, she's ruler of the world
Number one movie, model, she's the All-American girl
He's got a hit record and sellin' out his shows
He's got the car and the cash and the shoes and the girl that you want
So turn up all the lights, I'm ready
Takin' over, I'm not waitin'
That's right I'm here now, I gotta go
Now's the time, I know it's mine
Watch out I'm movin' in, I'm movin' in
I'm with the in-crowd now, my show's always on
I'm with the I'm at the Sunset Marquee, hangin' with the Kings of Leon
You wear my T-shirt, my logo on the front
I know it's crazy maybe but isn't this what we really want
So turn up all the lights, I'm ready
Takin' over, I'm not waitin'
That's right I'm here now, I gotta go
Now's the time, I know it's mine
Watch out I'm movin' in, I'm movin' in
So turn up all the lights, I'm ready
Takin' over, I'm not waitin'
That's right I'm here now, I gotta go
Now's the time, I know it's mine
Watch out I'm movin' in
So turn up all the lights, I'm ready
Takin' over, I'm not waitin'
That's right I'm here now, I gotta go
Now's the time, I know it's mine
Watch out I'm movin' in, I'm movin' in, I'm movin' in
