Advisory - the following lyrics contain explicit language:

Mother, father
Look at your little monster
I'm a hero, I'm a zero
I'm the butt of the worst joke in history I'm a lock without a key
A city with no door
A prayer without faith
A show without a score A bad word, a wink, a nod, a shiver
An untold story, sex without fury
A creeping gray memory I am incomplete
Incomplete
Incomplete
Incomplete Doctor, cure me
What is the cause of my condition
This madness shoots me
Like bullets smashing glass in a silent movie I'm a trap without a spring
A temple with no God
A jack without an ace
The tip of your tongue I'm a promise and an unmailed letter
An unbuilt motor, deck without a joker
Creeping gray memory I am incomplete
Incomplete
Incomplete
Incomplete Tell Saint Peter not to bet on me, yeah
I got a naked obsession
A good intention gone bad I am incomplete
Incomplete
Incomplete
Incomplete Incomplete
Incomplete
Incomplete
