

A.B.C. Boogie

Bill Haley & His Comets

Down around the corner in a little school
Children learn their lessons and the golden rule
'Cause they got a teacher up from Basin Street
And she does her teachin' with a boogie beat
Teachin' the ABCs with rhythm and ease
Every single mornin', It's the same old thing
All the kids are waitin' for the bell to ring
When they hear it ringin', they all jump in line
Walk into the classroom, feeling mighty fine
To learn their ABCs with rhythm and ease
Well, a-readin', writin', rithmetic
Taught to the tune of a licorice stick
No education is ever complete
Without a boogie-woogie-woogie beat, well all reet
When the day is over and it's time to go
The children get their books and stand right at the door
Teacher is so happy, 'cause she's done her bit
To educate the kids and make 'em really fit
To say their ABCs with rhythm and ease
Well, a-readin', writin', 'rithmetic
Taught to the tune of a licorice stick
No education is ever complete
Without a boogie-woogie-woogie beat, well all reet
When the day is over and it's time to go
The children get their books and stand right at the door
Teacher is so happy, 'cause she's done her bit
To educate the kids and make 'em really fit
To say their ABCs with rhythm and ease
