

# I'll Always Hold You Close

## Down to the Bone

You've been in love before  
But it always broke your heart  
You know those paper rings, girl, always fall apart  
They say that nothing lasts too long  
But I know something that's gonna stay forever strong...Our love is timeless like a summer day  
Forever soulful like Marvin Gaye  
Baby, timeless as a melody  
I love you, baby, timelesslyOoh baby... ooh...  
Watching the world go by  
Changing everyday  
They tear down a thing of beauty  
To build some new highway  
What's here today may disappear  
But baby, our love surely will survive the years  
Because it's timeless like a summer day  
And everlasting as a Shakespeare play  
Baby, timeless as a melody  
I love you baby, timelesslyOoh...  
Where there is love  
There is endless hope and boundless dreams  
When you got love  
There's no limits to be seen  
Girl, you know what I meanThey say that nothing lasts too long  
But I know something that's gonna stay forever strong...  
Our love is timeless  
Like a summer day  
Forever soulful like Marvin Gaye  
Baby, timeless as a melody  
I love you, baby, timelessly...Timeless like a summer day  
Forever soulful as a Shakespeare play  
Baby, timeless, as a melody  
I love you baby, timelessly...  
Ooh...
