The Point

The Lasting Hope

â€œAll thingsâ€•
The Lasting Hope

I still remember when I thought I had it all together
I thought I had it all figured it out
And no one was gonna tell me that I didn't
Didn't take me that long to see I wasn't that strong
But I thought I was too far gone
But Your love said That I wasn't

And I know I know that Your love is calling
I know I know without You I am nothing
I know I know that You're all that I need

Through You, Through You, Through You and only You I can
Through You, Through You, Through You and only You I can do
All things, all things, all things,
All things, all things, all things
Though You I can do all things.

I can't forget when You found me I was broken
My past mistakes You You picked me up again
I never found a Love that had no cost
Till You said all the found were once lost
You put love on reverse, You remove my curse
said the first shall be last and last shall be first
That kind a love means more than words

And I know I know that Your love is calling
I know I know without You I am nothing
I know I know that You're all that I need

Through You, Through You, Through You and only You I can
Through You, Through You, Through You and only You I can do
All things, all things, all things,
All things, all things, all things
Though You I can do all things.

I can do all things, I can do all things.

And I'm always forgettin that
You've already written my story
You've gone before me
Yeah, and I'm always forgettin that
You've already written my story
You've gone before me

Through You, through You, through You and only You I can
Through You, through You, through You and only You I can do
All things, all things, all things,
All things, all things, all things
Though You I can do all things.

I can do all things, I can do all things, I can do all things
I can do all things, I can do all things, I can do all things
I can do all things, I can do all things, I can do all things.
