

I Will Bless His Holy Name

Fred Hammond & Radical for Christ

I will bless His holy name
Everything in me will do the same
All that's inside this dusty frame
Will bless His name I will bless His holy name
Whether in good times, sorrow, sunshine or in rain
Everything in me will find a reason
To bless His name, yeah Let it be You that I remember
Lord, to Your wisdom and Your mercy, I have surrendered
Lord, my heart holds to this one refrain
I'll bless Your holy name
For He's crowned me with love
And His mercy and with all all good things
He satisfies me
So you'll hear me say I will bless His holy name
Everything in me will do the same
All that's inside this dusty frame
Will bless His name Let every instrument and every voice
Forsake his own way and make a choice
That when it seems that your heart would faint
You'll bless His name, bless His name For He's crowned me with love
And His mercy and with all all good things
He satisfies me
So you'll hear me say
I will bless His holy name
Everything in me will do the same
All that's inside this dusty frame
Will bless His name I won't forget what he's done for me
His benefits, forever in my memory
I won't forget
