Always Summer

Yellowcard

I think I have everything I need
It got dark, but now I think I see
The world around is full of arms
Still reaching out to me
I hear the notes
And belt them back to you
I feel loved, I'm burning like a fuse
I'm not afraid,cause I know I've got nothing left to lose
(Chorus)
I just want to say
I know I let you down
But I'm letting out
And I found a way
That I could tell the truth
Make it up to you
I know that I have always walked the line
In between, my confidence and lies
So many scenes are full of words
I wish I could rewind
But here you are
Forgiving me again
You'll never know
How real to me you've been
This is the start
Another empty page where I begin
(Chorus)
I just want to say

I know I let you down
But I'm letting out
And I found a way
That I could tell the truth
Make it up to you
I left home
But there's one thing
That I still know
It's always summer in my heart and in my soul
I loved you first
I love you still

I always will
I loved you first
I love you still
I always will
(Chorus)
I just want to say
I know I let you down
But I'm letting out
And I found a way
That I could tell the truth
Make it up to you
I left home
But there's one thing
That I still know
It's always summer in my heart and in my soul
It's always summer in my heart and in my soul
It's always summer in my heart and in my soul
