Say you ball; I'm a just share

Lock you down girl, I'm a do years

Pretty girl with the long hair

Where you been, what's over there?

Ugly girls stop and they stare

It's too bad, life it ain't fair

Drop it low like you don't care

What you got on, I like ya Nike airs

Buy me some I like a nice pair

Before 21 I could buy beer

Stayed down all of these years

Headed to the top follow me there

Met her at her spot she swallowed me there

You niggas look fraud I solemnly swear

To never be a lame shit all of me is player

All this game and all of these prayers
