

# Time By the Dime

## Samiam

You're wide open and I'm not interested  
My mind wanders, I could be home  
I can't believe it is this awful  
I've got better things to do with my time  
The day drags, the radio plays  
Same old songs over and over  
It's my time I can be home  
My time, my time, my time by the dime
