

Sweet Cherrie

[UB40](#)

I`ve got to find sweet cherry
She`s gone away from home
I`ve got to find sweet cherry
She`s left me all alone(chorus)Cherry, cherry,
Don`t go and leave me alone
Don`t go and leave me aloneMy thoughts are always with you
The emptiness leaves me blue
If you should ever desert me
Then life deserts me too(chorus)Cherry, cherry,
Don`t go and leave me alone
Don`t go and leave me aloneWhen we were together, downtown
We would do things together, downtown
The first place I met you, downtown
There we could always be.(chorus)Cherry, cherry,
Don`t go and leave me alone
Don`t go and leave me alone
