

# He Turns Down

## Cat Power

Have you ever seen the face?  
You know the one I'm talking about  
Have you ever been to that place?  
You know I'm not supposed to say  
Have you ever seen the face?  
You know the one I'm talking about  
Have you ever been to that place?  
You know the one I'm not supposed to say  
Holding on for something  
Have you ever held on?  
Holding on for someone  
Feels like holding on too long  
Have you ever held on?  
It's not me I am pretending  
I'm not saved, he turned me down  
He turns down  
It is so nice to meet you  
Who's gonna look out for you  
It's not me, I am pretending  
I'm not saved, he turned me down  
He turns down  
Have you ever seen the face?  
You know the one I'm talking about  
Have you ever been to that place?  
You know the one I'm not supposed to say  
Holding on for something  
Have you ever held on?  
Holding on for someone  
Feels like holding on too long  
Have you ever held on?  
It's not me I am pretending  
I'm not saved, he turned me down  
He turns down
