# Wanna Be Your Man

## Pokey LaFarge

Somethingâ€™s wrong honey, this I know
Never seen you this way before
Hey baby, I wanna be your man
I can tell you need a friend
Step aside, wonâ€™t you let me in
Hey baby, who do you think I am?

Itâ€™s late and itâ€™s â€˜bout to pour
Your neighborâ€™s tired of me hanging round your door
Iâ€™ll say one thing and nothing more
I wanna be your man

Some people donâ€™t like me hanging around
But thereâ€™s no reason for that Iâ€™ve found
Hey baby, please donâ€™t look so sad
When youâ€™re all alone and you need a hand
Let me come into your house and be your handyman
Hey baby, what about the fun weâ€™ve had?

I can tell youâ€™ve had a long day
Why donâ€™t we smoke something, take the pain away
Itâ€™s okay, Iâ€™ll be your shelter from the storm
Donâ€™t let your demons take control
Let me rock you with a steady roll
Itâ€™s cold, baby, wonâ€™t you come and keep me warm?
