

Wanna Be Your Man

Pokey LaFarge

Something's wrong honey, this I know

Never seen you this way before

Hey baby, I wanna be your man

I can tell you need a friend

Step aside, won't you let me in

Hey baby, who do you think I am?

It's late and it's about to pour

Your neighbor's tired of me hanging round your door

I'll say one thing and nothing more

I wanna be your man

Some people don't like me hanging around

But there's no reason for that I've found

Hey baby, please don't look so sad

When you're all alone and you need a hand

Let me come into your house and be your handyman

Hey baby, what about the fun we've had?

I can tell you've had a long day

Why don't we smoke something, take the pain away

It's okay, I'll be your shelter from the storm

Don't let your demons take control

Let me rock you with a steady roll

It's cold, baby, won't you come and keep me warm?
