

# Boomerang

## KIX

I turn and start to shake you baby  
Still on my tippy toes  
You know I should have left you baby  
A long long time ago  
I sat there on my doorstep baby  
Crying in the rain  
But oh the crazy dream I watched my tears run down the drain  
She's a boomerang  
Keep comin' back to me  
She's a boomerang  
Keep comin' back to me  
You know sometimes you're just so damned hard to please  
If I give my heart away Would it break these chains  
If I cried a million tears  
Would it drown the flame  
You know you set my soul on fire  
But there's nothing left to burn nothing left to burn  
You're just a boomerang  
Throw it out watch it turn turn  
Boom boom boom boomerang She's a boomerang  
Boom boom boom boomerang  
She's a boomerang  
Nothing will shock you baby  
Stop look around  
Well I was out with the boys last night  
They said your babies back in town
