The Exception Is Me

Jason Rubero

I travel alone

I travel alone

I travel alone

I travel

At home - we're pretty sleepy at home

And when we roam - we're pretty sleepy on the road

Don't you wanna be?

Don't you wanna be right here?

When you're sure that you'll fail

But you just gotta try

When you wanna break down

And start to cry

If the rule is to quit

Well baby just wait and see...

The exception is me

Candle light in darkened room

Huddled 'gainst the world we soon missed

On shiny rails wet with rain

We're fleeing from the world again, blissed

I travel alone

I travel alone

I travel

At home - we're pretty sleepy at home

And when we roam - we're pretty sleepy on the road

Don't you wanna be?

Don't you wanna be right here?

When you're sure that you'll fail

But you just gotta try

When you wanna break down

And start to cry

If the rule is to quit, well baby just wait and see...

The exception is me

When you're falling apart

And all of your dreams

Start to unravel at the seams

If the rule is to quit

Well baby, just wait and see...

The exception is me
