Hey You

Fallulah

Take my heart and take it fast* I don't ever want it back Nothing good has come from it for you Pleading for another chance Don't you see that's what I get? Take your life and run with it Won't you? Hey you

What's on your mind? I can dig it out but I don't have time

Hey you

What's on your mind?

I can dig it out but I don't have time I'm going somewhere and I'm leaving you here I'm going somewhere and I'm leaving you here I am going somewhere and I'm leaving you here I'm going somewhere and I'm leaving you here

You can't be another guy Doesn't matter if you try If we don't see eye to eye we're through And I can't be another me I tried and failed so miserably There is nothing more to see for you Hey you

What's on your mind? I can dig it out but I don't have time Hey you

What's on your mind?

I can dig it out but I don't have time I'm going somewhere and I'm leaving you here I'm going somewhere and I'm leaving you here I am going somewhere and I'm leaving you here I'm going somewhere and I'm leaving you here
