That Body

Jeremih

Oh, Jeremih, yeah, yeah, yeah Oh, Jeremih, yeah, yeah, yeah

Bring itHer hips wave in the ocean in ways you wouldn't believe She swear that she got that potion, well I hope there's plenty for me

'Cause I been searchin' for somebody to cater, cater to all my needs

And you look like your willin' to do the favorSo come with me and let me work that body Body, body, body, ah ooh

You know just how I like it naughty

Naughty, naughty, naughty, do you? Yeah, we got plenty of Bacardi

Bacardi, Bacardi and juice and fruit for you

A private after party

Party, party, party for two, for twoYou can get my body, my body all over your body, baby Your body all over my body, girl

You can get my body, my body all over your body, baby

Your body all over my body, girlI'm feelin' like I should tip ya the way you're grindin' the pole You're hot and fresh out the kitchen, here's a taste of that pot of gold

You make me feel like I'm up on a vacation

Cooler than summer breezes

Girl, get your groove back better than in JamaicaHope you don't mind if I'm behind that body Body, body, body, ah ooh

You know just how I like it naughty

Naughty, naughty, naughty, do you? Yeah, we got plenty of Bacardi

Bacardi, Bacardi and juice and fruit for you

A private after party

Party, party, party for two, for twoYou can get my body, my body all over your body, baby Your body all over my body, girl

You can get my body, my body all over your body

Your body all over my bodyI love it when you roll

And still manage to clasp that, clasp that ass, clasp that

Just keep the candles on

And maybe I could wax that, wax that ass, wax thatBody, body, body, ah ooh, ah ooh You know just how I like it naughty

Naughty, naughty, naughty, do you? Yeah, we got plenty of Bacardi

Bacardi, Bacardi, Bacardi and juice and fruit for you

A private after party

Party, party, party for two, for twoYou can get my body, my body all over your body, baby

Your body all over my body, girl

You can get my body, my body all over your body

Get that body all over my body, girl
