

# Cathedral

## Kitten

I'd like to see you just one more time  
I give or take an inch or two, now what's the crime?  
The dogs tore into him until  
There was nothing left except what was left  
I imagine that's not much I'd like to be your cathedral  
To feel all the people  
Swelling inside me  
I'd like to be your cathedral  
To feel all the people  
Maybe the time isn't right  
Maybe the time isn't right  
Maybe the time isn't right  
She ripped it open with a plastic knife  
I'd been waiting for something like that for all my life  
You push your buttons, lock your doors  
Your velvet screens they don't love anymore  
It's the way that you see it  
It's what you see I'd like to be your cathedral  
To feel all the people  
Swelling inside me  
I'd like to be your cathedral  
To feel all the people  
Maybe the time isn't right  
Maybe the time isn't right They beat her black and blue  
They would have done me to  
If I'd a stuck around  
I'm a stranger in this town  
They beat her black and blue  
They would have done me to  
If I'd a stuck around  
I'm a stranger in this town I'd like...  
They beat her black and blue  
To be your cathedral...  
They would have done me to  
To feel all the people...  
If I'd a stuck around  
Maybe the time isn't right  
Maybe the time isn't right
