Won't you be my dictionary?
Won't you translate fun?
Into something necessary
Inter uni sun Won't you be my dictionary?
Can't I be very necessary?
Inter uni fun
Comes back Satellites they mix you up and
Hypnotise you with the sound
Reproducing would fuck you up and
Make you forget what you found Won't you be my dictionary?
Can't I be very necessary?
Inter uni fun
Comes back Inter uni fun
Comes back
Inter uni fun
Comes back
