

# Side Part

## That Dog

Part of this is waiting  
Part of this is baiting you  
Part of this is parting us  
Part of this is this part of youPart of this is faking  
Part of this is waking you  
Part of this is breaking us  
'Cause part of this is this part of youPart of this is somewhere  
Part of this is wondering  
Part of this is parting this  
Part of this is this part, part of this is this part  
Because part of this is parting this with you
