

# Top Of The Bill

## Scorpions

You're a rock 'n' roll star  
You're out of the charts  
Your glory's cold you're getting old  
But your life is rock 'n' roll Your crazy rock 'n' roll band  
Is spinning in your head  
(In your head)  
Each generation makes us stars  
As the first five on the charts Oh and they are top of the bill You're a rock 'n' roll star  
You've been the first one on the chart  
You've had glory and fame  
Rock 'n' roll was your game Oh and you were top of the bill
