

Revenge

Generation X

Suzie came to London,
To have her fortune told.
Now she is a mother shes feeling kinda old,
When she gets the money.
Shell take a knife for two.
Shell slit her throat of the one she trusts,
Of the one who stole the right to choose.

Revenge,
Revenge,
Revenge,
Revenge.

Johnny came out looking,
Looking for his friends,
Back at home there was no chance.
He took what she could get.
See Johnny had a vision,
That men would no his name,
But they sucked him in and spat him out,
You know there all the same.

Revenge,
Revenge,
Revenge,
Revenge,

Thats what they want.
So as I get older.
I looked deep in their eyes.
Now Ive learned to tell,
When Im wasting time.
Cause they wont give you nothing,
They like to see you fall.
Well 1 day Im gonna walk through the door,
Im gonna take it on.

Thats revenge,
Revenge,
Revenge,
Revenge,
Revenge,

Thats what they want.
Revenge,

Revenge.
