Losing Streak

Eels

Was I wrong about the world
It's a beautiful new place
Where else could a creep like me
Meet such a pretty faceMeetin' every day with the risin' sun
Lookin' up it's lookin' like
My losin' streak is doneUsed to always feel like
Wished that I was dressed better
Never had a lot of luck
Until' I finally met herFeelin' like the weight that weighed a ton
Lifted off my shoulders now
My losin' streak is doneAlways felt like givin' in
To the feelin' I can't win
But I took it on the chin
Now I'm finally cashin' inMeetin' every day with the risin' sun
Lookin' up it's lookin' like
My losin' streak is doneMy losin' streak is done
I said, "My losin' streak is done"
Did you hear me?
I said, "My losin' streak is done"
