Faker

moe.

Wastin' away
Sittin' around
Time on my hands
Leaves on the ground
Been showed the way
Hinted around
Never been certain
Never been found

I am a faker
Pretending along
Lost sight of my maker
I will die before I finish this song

Been showed the way
Hinted around
Never been certain
Never been found
Fakin' away
Pretendin' around
Rain's in the bucket
And there's dust on the ground

Cause I'm a faker
Pretending along
Lost sight of my maker
I will die before I finish this song

Slippin' away
Waiting around
Words in my brain
Words makin' sound
Been showed the way
Hinted around
Never been certain
Never been found
Wasting away
Sitting around
Time on my hands and there's
Leaves on the ground

Fakin' away
Pretendin' around
Rain's in the bucket
And there's dust on the ground
