

# Breaking Up A Heart Of Stone

## Bang Tango

Misery she loves you  
You're her company  
Silent nights you wonder  
Why you cannot sleep? Well, I've seen you standing there  
But you stand alone  
I've seen your smiling eyes  
But where will you go alone now? Breaking up a heart of stone  
That chilled to the bone  
That left you alone  
Yes, I'm breaking up a heart of stone Now I'm taking you home  
Full of life, you're still crying  
In your sleep, all your pain  
All your anger's gone too deep I've seen you dancing there  
But you dance alone  
I've seen your smiling eyes  
But your blood runs so cold Breaking up a heart of stone  
That chilled to the bone  
Breaking up a heart of stone  
That's left you alone Breaking up a heart of stone  
Now I'm taking you home  
Breaking up a heart of stone  
That chilled to the bone Breaking up a heart of stone  
That crushed me so  
Breaking up a heart of stone  
Now I'm taking you home You see  
You beg  
I wait  
What time?
