Praying Hands

Devo

You got your left hand
You got your right hand
You got your left hand
You got your right handWhile the left hand diddling
While the right hand goes to work
I said the left hand diddling now
While the right hand go to workYou got both hands
You got both hands
You got praying hands
You got praying handsThey pray for no man
They pray for no man
Okay relax, and assume the position
Go into doggie submissionWash your hands three times a day
Always do what your mom and dad say
Brush your teeth or they'll fall away
Wash your hands three times a dayYou got your left hand
You got your right hand
You got your left hand
You got your right handWhile the left hand diddling
While the right hand goes to work
I said the left hand diddling, oh
While the right hand go to workYou got both hands
You got both hands
You got praying hands
You got praying handsThey pray for no man
They pray for no manRoll over, play dead
Get spiritual minded
Okay relax, and assume the position
Go into doggie submissionWash your hands three times a day
Always do what your mom and dad say
Brush your teeth in the following way
Wash your hands three times a day
