

# You Are My Number One (radio remix)

## Smash Mouth

Hold me down  
Im gonna fly straight to heaven  
Hold me down  
don't ever let go  
Ive been around  
You know I cant stay forever  
And when I leave  
I want you to know -When Im finally gone, Im gonna be gone without a trace  
Theres a lot of good times ahead before were done  
And on top of this list of things before I leave this place  
You are my number one, yes you are my number one Cause you can tell me lies, you know that Id still believe  
you (say what?)  
Stay right here don't leave from that spot (come right back here my girl)  
I cant go, you know Im afraid to leave you  
Dont you know? Youre all that Ive got  
Im afraid if you go you might disappear behind a mist  
And Id rather be hung from a tree or shot by a gun  
And of all of these things that matter here upon my list  
You are my number one, yes you are my number one You are my number one (say so)  
Trying to make it clear (good gosh)  
Trying to let you know  
When youre afraid  
Im gonna be there...When Im finally gone, Im gonna be gone without a trace  
Theres a lot of good times ahead before were done  
And and and on top of this list of things before I leave this place  
You are my number one  
Yeah you are my number one  
Whoa baby, said you are my number one  
You are my number one
