

# And I Think You Like Me Too

## Bowling for Soup

I saw you checking out the jukebox in the bar  
So I hit up a biker for some change  
I asked if you have ever heard 1985  
You just looked to me like I was strange  
You ordered Jell-O shots and I stuck with a beer  
You tried to punch the waitress I said let's get out of here  
We stumbled through the parking lot so now you lost your shoe  
I think I like you and I think you like me tooLa la la la la la laWe stole a Prius and we drove it to the beach  
And set that thing on fire and made some s'mores  
You looked so sexy when we robbed that B of A  
You whispered through the mask that I was yours  
We went to 6 flags and we cut in all the lines  
And then you flashed your boobies on the roller coaster ride  
Between the two of us we kissed half of Motley Crew  
I think I like you and I think you like me tooLa la la la la la laClimbing fences, jumping gates  
Worrying 'bout cops in seven states  
I never introduced you to my mom  
But you and my dad might get along  
If he ever digs that tunnel and escapes from jailI saw you checking out the jukebox in the bar  
That biker guy was passed out on the floor  
We took his wallet and the keys to his Harley  
And now he doesn't have them anymoreLa la la la la la la  
I think I like you and I think you like me too  
La la la la la la la  
I think I like you and I think you like me too  
La la la la la la la  
I think I like you and I think you like me too  
La la la la la la la  
I think I like you and I think you like me too  
La la la la la la la  
I think I like you and I think you like me too  
La la la la la la la  
I think I like you and I think you like me too  
La la la la la la la  
I think I like you and I think you like me too  
La la la la la la la
