## Camporesi

Ride the waves to land,  
when the water takes the sand.  
And I surely understand,  
as I watched a tide upend.

### Chorus

Leave me alone, I gotta go. Let me alone I gotta go now.

Stopped upon a {?}, some time ago.  
See right through me, and watching the wind blow.  
Leaves don't follow from the ground.  
Without skin, without a sound.

### Chorus

Leave me alone, I gotta go. Let me alone, I gotta go now
