Say So

Israel & New Breed

This feels like something special,
So won't you tell me just how you feel?
One little sign would be helpful,
To let me know that these feelings are real,
Whatever you need, guaranteed,
I will give it to you,
Whatever the cost, everything that I've got,
I will give it to you, yeah,
If you want me to love you,
All that you must do,
Is just say so (say so, say so, say so),
I am ready to love you,
All that you must do,
Is just say so (say so, say so, say so),
You've got that look on your face,
Giving me reason to think that you might,
Want me to fill up this space,
That has been empty for all of these nights, yeah,
Whatever you need, guaranteed,
I will give it to you, yeah,
Whatever the cost, everything that I've got,
I will give it to you, yeah,
If you want me to love you,
All that you must do,
Is just say so (say so, say so, say so),
I am ready to love you,
All that you must do,

Is just say so (say so, say so, say so),
If you want me to love you,
All that you must do,
Is just say so (say so, say so, say so),
I am ready to love you,
All that you must do,
Is just say so (say so, say so, say so),
If you want me to love you,
All that you must do,
Is just say so (say so, say so, say so),
'Cause I am ready to love you,

All that you must do,
Is just say so,
If you want me to love you, yeah,
All that you must do,
Is just say so, so, so, so,
I am ready to love you,
So all that you must do,
Is just say so, so,
If you want me to love you, yeah,
All that you must do,
Is just say so, yeah, baby, baby,
I am ready to love you,
All that you must do,
Is just say so, oh, yeah,
If you want me to love you,
All that you must do,
Is just say so.
