

# A Song For You

Natalie Cole

I've been so many places in my life and time  
I've sung a lot of songs and I've made some bad climbs  
I've acted out my life in stages with ten thousand people watching  
Oh, but we're alone now and I'm singing this song for you I know your image of me is what I hope to be, I've  
treated you unkindly  
Oh, but darling can't you see that there's no one more important to me?  
Baby, baby, can't you see through me?  
'Cause we're alone now and I'm singing this song to you You taught me precious secrets of a true love  
withholding nothing  
You came out in front when I was hiding, yeah, yeah  
But now it's so much better if my words don't quite come together  
Please listen to the melody 'cause my love is in there somewhere hiding I love you in a place where there is no  
space or time  
I love you for my life, you are a friend of mine  
And when my life is over, remember, remember  
Remember when we were together And we are alone now and I was singing this song to you  
We were alone, and I was singing, yeah singing  
We were alone, and I was singing this song for you  
Singing my song, I'm singing my song for you
