

Natalies Song

[Sia](#)

I'm in the wars
Can't speak for crying
Close all the doors
Since I am dying Pick up the phone
Attempt to call her
I'm all alone
Until she answers Momentarily, she brings peace to me
Momentarily, she brings peace to me She barely speaks
But I hear her breathing
And that's all I need
Someone who's listening And still she stays
Her time is precious
Until I am safe
She gives her presence Momentarily, she brings peace to me
Momentarily, she brings peace to me
Momentarily, she brings peace to me
Momentarily, she brings peace to me
