

# Ball

## Stalley

Chevy swerving, cutting throw the lane Kyrie Irving watch a young nigga (ball)  
All these haters like the 85 Celtic vs. The Lakers watch a young nigga (ball, ball, ball)  
Jumping off the Porches with a forty five on me  
Michael Jordan watch a young nigga, watch a young nigga (ball) Chevy swerving, cutting throw the lane Kyrie  
Irving watch a young nigga (ball)  
All these haters by the 85 Celtic vs. the Lakers watch a young nigga (ball, ball, ball)  
Jumping off the Porches with a 45 on me  
Michael Jordan watch a young nigga, watch a young nigga (ball, ball, ball, ball) Old school, new school, need to  
learn the same rules  
Receive the same jewels, eat the same food  
I was the dude who practiced with his back to the basket  
So I could be Magic hook shot tragic  
Converse is classic, anywhere in the key you shoot I'll match it  
That's basic ball, I'm on the block like I'm eight feet tall  
Paul Gasol on streets embrace us all  
With all our thousand flaws, get the crowd involved  
Clip with the Fender J Cross  
Youngin' with the flash, Chris Paul with the pass  
John Wall in a mask  
Rob a nigga blind throw a shine in a bag  
A wizard with cash turn ten to a hundred racks, check the stats  
Big O with the Bear Cats, got the O on my bare back  
Obstacles I clear that, the Chevy rap I steered that  
MVP speeding 500HB sitting tall, watch a young nigga Chevy swerving, cutting throw the lane Kyrie Irving  
watch a young nigga (ball)  
All these haters by the 85 Celtic vs. the Lakers watch a young nigga (ball, ball, ball)  
Jumping off the Porches with a 45 on me  
Michael Jordan watch a young nigga, watch a young nigga (ball, ball, ball, ball) A Cavalier since Larry Nance  
and Mark Price  
I'm from the city where you playing ball or ducking vice  
We Lion-hearted with tiger strips we scared with evil  
Learn to shoot the Desert E's before shooting a free throw  
The dope boys and Michael Jordan was the real hero  
They had D on the block like Ben Wallace  
Making A-Rod paper, running base big pockets  
Loud on the corners, turn the city back notches  
Paper tags on the V. Yellow gold watches  
We love the hustle, eleven rings Bill Russell  
Two on the middle finger politely say bump you

Bad boy demeanor flu game fever  
I maneuver through the sewer  
I am Rudy on the last play  
In the milk like syrup with cookies in the ash tray  
Grindin' to my last day, going long like Peyton on 4th and long  
Everybody sing along, and watch a young nigga (ball) Chevy swerving, cutting throw the lane Kyrie Irving  
watch a young nigga (ball)  
All these haters by the 85 Celtic vs. the Lakers watch a young nigga (ball, ball, ball)  
Jumping off the Porches with a 45 on me  
Michael Jordan watch a young nigga (ball), watch a young nigga (ball, ball, ball, ball)
