That Girl

Sarah Connor

Are you talkin' about me?
You're talkin' trash!
[verse 1]Red carpet rollin', pockets are swollen
Still got my friends, and with them I be flowin'
Rockin' don't stoppin' and shoppin'
Still comin' on strong, I'll be flossin'
This one's just for you
I'm takin' it to level 2
Tell me why you're talkin' trash
[chorus]They talk about that girl on the scene,
Flossin' that gucci on tv - ahha
That girl with the car
20"(inch) rims on da jaguar- ahha
That girl on da show
Flippin' that bird just like a pro - ah ha

That girl, that girl
[verse 2]I take things step by step
Until there's nothing left
But the top and it don't stop
When I sign off, I can hear the beat drop
No matter what I do, I can't do right by you
You can chit chat the chadder but it don't matter
This is 4 you
[bridge]I will be shining, you'll be cryin'
You don't wanna (f***) front with me
On viva and on mtv
I'm gonna still be me
And I will be shinin' you'll be dyin'
You don't wanna (f***) front with me
Toe to toe on mtv
I'm gonna still be me
