

# Temptation

## Emigrate

Don't you ever feel your sorry?  
Don't you ever wish the sky could open up?  
All I do is going nowhere  
And I want to go back home Don't you know that you're so special?  
Don't you ever cloud your thoughts like fall and rain  
Wonder if I'm going somewhere  
Still I gotta get back home Temptation, leading me to fray  
Frustration, a time will come to pay Don't you want to know my story?  
I guess I could explain it if I tried  
I don't want to keep expending  
And I'm sorry that I lied Temptation, leading me to fray  
Frustration, a time will come to pay  
Temptation, leading me to fray  
Frustration Don't you want to make me over?  
Don't you feel that everything is a test?  
Want to disappear inside you,  
'Cause that's the home I feel the best Temptation, leading me to fray  
Frustration, a time will come to pay  
Temptation, leading me to fray  
Frustration
