Red

Unida

Red like the river
Blue like the eyes of the woman who loves you
Red like the river
Blue like the eyes of the woman who hates youToo many listen for love
Too many listen for hate
Too many listen for someone who wants to be something, someday
I'm gonna tell you something, Or nothing, yeah babe
I'm gonna stick it to someone, or somethingI can't use that line
I can't use that line
I can't use that line
I can't use, use that fucking line
