

# Big Black Train

## Flatt & Scruggs

Well, I had the blues  
But now theyre gone  
Im on a big black freight train  
And were movin' onIm on a big black train and Im movin' on  
Im on a big black train and Ill soon be gone  
Well, this big black train, it keeps movin' onWell, if you want me, baby, better get on the track  
Got a one-way ticket and I wont be back  
Well, this big black freight train  
Its movin' down the railroad trackWell, you cheated on me, baby, and you told me lies  
You said that you was gonna laugh every time I cried  
Well, this big black train  
Were tellin' you good bye
