

# What a Wild Tune

## Barenaked Ladies

Last night I heard the wolves  
Last night I heard the wolves  
Last night I heard the wolves  
They were howling at the moonHowling at the moon  
Howling at the moon  
What a wild tune  
They were howling at the moonLast night I heard the breeze  
Last night I heard the breeze  
Last night I heard the breeze  
It was singing through the treesThen I heard some frogs  
Then I heard some frogs  
Then I heard some frogs  
They were croaking on a logThere's music in the air  
There's music in the air  
There's music in the air  
And the air is everywhereLast night I heard the wolves  
Last night I heard the wolves  
Last night I heard the wolves  
They were howling at the moonHowling at the moon  
Howling at the moon  
What a wild tune  
They were howling at the moon
