## Rosy Dream

We were young  
And none of us know quite what to say  
    But the feeling moved  
        Among us in silence anyway  
    Slowly we had madeQuite a change  
    Somewhere we had crossed a big line  
        Down upon our knees  
    We had tasted holy wine  
        And no one could sway us  
    In a life timePurer than the sky  
        Behind the rain  
        Falling down all around us  
    Calling out from a boundless loveLove had lit a fire  
        We were the flame  
        Burning into the darkness  
    Shining out from inside usNot a word  
        And no one had to say  
        We were changed  
    Nothing else we lived through  
        Would ever be same the same  
        Knowing the truth  
    That we had gainedPurer than the sky  
        Behind the rain  
        Falling down all around us  
    Calling out from a boundless loveLove had lit a fire  
        We were the flame  
        Burning into the darkness  
    Shining out from inside usStay with me  
        Make it ever new  
        So time will not undo  
        As the years go by  
        How I need to see  
    That's still meFalling down all around us  
    Calling out from a boundless loveYeahBurning into the darkness  
        Shining out from inside usPurer than the sky  
        Behind the rain  
        Falling down all around us  
    Calling out from a boundless loveLove has lit a fire  
        I am the flame

Burning into the darkness  
Shining out from inside usPurer than the sky  
Behind the rain  
Falling down all around us  
Calling out from a boundless love  
(Ohh)Love has lit a fire  
I am the flame  
Burning into the darkness  
Shining out from inside usPurer than the sky  
Behind the rain  
Falling down all around us  
Calling out from a boundless love
