

# Coma America

## Amen

Cut off  
Cut off This is for the suffer  
This is for the proof  
This is for the lover soaking in the truth  
This is for the liar  
This is for the dream  
This is for America burning at the seas Cut off  
Cut off  
Cut off  
Cut off This is for the treason  
This is for the speed  
All the money cumming in the mouths of the meek  
This is for the President  
This is for the bomb  
This is for the reasons of all who belong Coma America  
Coma America  
Coma America  
Coma America This is for the believers of the truth  
This is for the leaders of the youth  
These are all the seeds who all pollute  
Polluters of the mind and all who use Coma America  
Coma America  
Coma America  
Coma America I am out  
I am out  
I am out  
I am out
