Deadbolt

SKATERS

Here come the cops
Hand me my sword
I got no where to run
I'm afraid of the wholeWho gave you the tip
Was it someone I know
Ain't it always the rats
Who brings the pigs to your doorWho's got the fear
Of your little boy club
Better watch what you say
Better come with your allTurning the deadbolt
The chain's on the door
Now
Knock when you know that I'm homeWon't you gimme one more try
Gimme one more try
Or kiss my friends goodbye
Unless you gimme one more tryLet me borrow your car
Take it down to the shore
Lemme crash at your house
Is your mother still homeWon't you give me a taste
Til the heat cools down
I just need enough
To get me aroundCrawling out the window
Breaking down the door
It's a long fall
From the sixth floorTurning the deadbolt
The chain's on the door
Now
Knock when you know that I'm homeWon't you gimme one more try
Gimme one more try
Or kiss my friends goodbye
Unless you gimme one more try
