Any Day Now

Bellefire

A shining light behind the cloud.
A distant voice that echoes loud.
A hope inside that never fades away.
A grain of sand fills up the beach.
A ripple spreads to the shore's reach.
A bluebird coming home at last to stay.Close your eyes and you will see, (you will see)
The dreams you hold are meant to be. (meant to be)
You only need to feel it.
Believe me...Time is on our side.
Let's keep the summers long.
Get ready for the ride of your life any day now.
Any day now.
Nothing left to hide.
Together we are strong.
We can take the world on if we try any day now.
Any day now.A butterfly can start a storm.
The sun goes down to bring the dawn.
And people can connect without a sound.
There's no need to live in fear.
From where tomorrow's always here.
And this is how to turn your life around.Changes breathing in the air. (in the air)
There's so much more that we can share. (we can share)
You only need to feel it.
Believe me...Time is on our side.
Let's keep the summers long.
Get ready for the ride of your life any day now.
Any day now.
Nothing left to hide.
Together we are strong.
We can take the world on if we try any day now.
Any day now.Any day now love will flow and find you.
Growing wings to fly.Yeah, yeah, yeah...
Yeah, yeah, yeah...
Yeah, yeah, yeah...
Yeah, yeah, yeah...
Believe me...Time is on our side.
Let's keep the summers long.
Get ready for the ride of your life any day now.
Any day now.

Nothing left to hide.
Together we are strong.
We can take the world on if we try any day now.
Any day now.Time is on our side.
Let's keep the summers long.
Get ready for the ride of your life any day now.
Any day now.
