

# On the Aventine

## Damon & Naomi

Cheap champagne instead of rain  
A saffron dream come what will  
The birds that sing in the middle of the night  
While the roses bloom on the hillPeace within and the traffic's outside  
The market's closed  
The day we sing in the middle of the night  
While the roses bloomA lightning storm to keep you warm  
Yellow light standing still  
The birds that sing in the middle of the night  
While the roses bloom on the hillPeace within and the traffic's outside  
The markets are closed  
The day we sing in the middle of the night  
While the roses bloom
