# Like I Do

## Asher Monroe

what's going on
i keep fighting for the memories that we left alone
wishing we cared to dose
and where did it go
i keep trying girl
because you are the only thing worth fighting for
baby you're worth dying forand this one's on my heart
the memory never changed
and this love is all we got
believe me when i tell you baby
there ain't nobody else quite like u
and all u need to know my baby
no body gonna love you like i do
like i do
like i do
like i do
nobody love you like i docome over here
tell me what you wanna hear
don't you know i'm gonna give you my all
and i will never let us falland this one's on my heart
the memory never changed
and this love is all we got
believe me when i tell you baby
there ain't nobody else quite like you
and all you need to know my baby
nobody gonna love you like i do
like i do
like i do
like i do
nobody love you like i do
nobody love you like i do
nobody love you like i
like i do
like i do
like i do
nobody love you like i do
