Pretty Little Angel

IAMX

She wants one
For nothing
To keep it
Reacting
Controlled then
Forever
She was
And never felt betterShe's open
She's wildlife
Caressing
The bright lifeReligious
Pleasure to pain
The kiss
The kill
The poetry
The freak wayThe kiss
The kill
The poetry
The freak wayThe kiss
The kill
And never felt betterShe wants one
For nothing
To keep it
Reacting
Controlled then
Forever
She was
And never felt betterPretty little angel
Can we play your game?
I will be gentle
I will move to your paceShow me the reaction
Come home with me
Give it some attention
I was made for you
Built to pleaseShe wants one
For nothing
To keep it
Reacting
Controlled then

Forever
She was
And never felt betterShe's open
She's wildlife
Caressing
The bright lifeReligious
Pleasure to pain
The kiss
The kill
The poetry
The freak wayPretty little angel
Can we play your game?
I will be gentle
And will move to your paceShow me the reaction
Come home with me
Give it some attention
I was made for you
Built to pleaseI can't forget you
You are the devil
You are the devil's foreplay
