## LITTLE CITY

I got my call light on, gimme one more fare tonight  
Just get me over the bridge, I can see those shiny bay lights  
You know I'm never alone but I'm feeling lonely tonight  
Damn, I got my last cigarette but I ain't got no light  
God let these wheels roll to where the girls are pretty  
Where the nights explode and life is still living  
Down this open road, the arms of pity  
Wait to greet me tonight in little city  
In my rear view mirror, I see someone else's hairline  
I hear that fire in your eyes is on the rock and doing hard time  
And the grapes of wrath, they're on the vine  
There's wine in this dirt  
Here love ain't love, it's just another four letter word  
God let these wheels roll to where the girls are pretty  
Where the nights explode and life is still living  
  
Down this open road, the arms of pity  
Wait to greet me tonight in little city  
shalalalalala, shalalalalala, shalalalalala, oh  
shalalalalala, shalalalalala, shalalalalala, oh  
God let these wheels roll to where the girls are pretty  
Where the nights explode and life is still living  
Down this open road, the arms of pity  
Wait to greet me tonight in little city  
Now that cold grey fog's just a rolling down the highway  
He's come to carry me home  
It puts a little smile on my face  
Yeah, roll with me baby  
I can see those daylights calling me home  
Yeah, I'm never alone  
Just turn the radio on  
There's an old song I used to know
