

Paperfaces

Feeder

Staring at paperfaces
Expressions like empty pages
Day after dayWaiting for the lights to change now
Reaching for a cloud to come down
And cover meCan't shut you out
Can't get you out
Can't take you down
Can't watch you drownWaiting for the world to change now
Dissolution takes a bit out
And swallows meLooking for a way to get out
Wishing that the rush would come down
And smother meCan't shut you out
Can't get you out
Can't take you down
Can't watch you drownIf you can learn to be yourself, then that's okay
If you can find a reason now, don't drift awayWalking down streets to nowhere
Stepping on feet with no cares
Losing myselfCan't shut you out
Can't get you out
Can't take you down
Can't watch you drownCan't shut you out
Can't get you out
Can't take you down
Can't watch you drownSlide away
Slide away
Slide away
