2 Guitars Bass And A Drum

Ksm

Keep it simple, make it easy
No overdubs, just a fat beat
Why confuse the, the situation?
Break it down to, to the basics
I don't need the fancy things in life
To make me satisfied, no, not at all
Just give me 2 guitars, bass and a drum
You know it's all I really want
Keep it just a little punk
Play it too fast then crank it
Start too loud then turn it up
Why analyze? I'd rather say it
Bought a black Strat, I wanna play it
I'm a simple girl, I don't do games
I'm all about the song and not about the fame
I don't need the fancy things in life
To make me satisfied, no, not at all
Just give me 2 guitars, bass and a drum

You know it's all I really want
Keep it just a little punk
Play it too fast then crank it
Start too loud then turn it up
That's the way we like it, gotta overdrive it
Yeah, we're gonna build it up to break it down
2 guitars, bass, drums
Crank it
Just give me 2 guitars, bass and a drum
You know it's all I really want
Keep it just a little punk
Play it too fast
Just give me 2 guitars, bass and a drum
You know it's all I really want
Keep it just a little punk
Play it too fast then crank it
Start too loud then turn it up
