

# Love Is the Only Light

**Geri Halliwell**

When the lights go down on me  
When the truth is hard to see  
When hope is fading out of sight  
Love is the only light When my world becomes unreal  
And the pain is all I feel  
When I can't find the love I knew  
It's sad but true We find ourselves crying  
'Cause we can't make it last  
We hope for the future  
Then reach for the past  
When you find yourself alone tonight  
Please believe me, love is the only light When I find no reasons why  
And it's time to say goodbye  
When there's nothing left to say or do  
It's sad, sad but true We find ourselves crying  
'Cause we can't make it last  
We hope for the future  
Then reach for the past  
When you find yourself alone tonight  
Please believe me, love is the only light Burn my fingers, feel the pain  
Kiss the flame and  
Start again (start again)  
And again (and again)  
And again And again, and again, and again  
We find ourselves crying (we find ourselves)  
'Cause we can't make it last  
We hope for the future (we hope for love)  
Then reach for the past  
When you find yourself alone tonight  
Please believe me, love is the only light  
Love is the only light When you find yourself alone tonight  
Please believe me  
Love is the only light
