Mellow Song

Dave Gibb

I left my street
I'm a guillotine
Pullin' away, in my machine
Where have I been now?
Not you
Shootin' stars in my left arm
It's an alcohol low
Givin' away time to casio
Sun is slow
An' I got soul
Is this where I'm going to?
We'll see
We'll see
We'll see
I kill this sleep

I'm a man in the moon
Walkin' on sand on my own high noon
Love with the moon
I love you
'Cause I left my street
I'm a guillotine
Pull it away, in my machine
Forget where I've been before
Forget you
Is this where I'm going to?
We'll see
We'll see
We'll see
[Incomprehensible]
